WELCOME TO NEXLEADER

What is NexGuild?

NexGuild is a global Digital Workforce Community where contributors complete surveys, tasks, and digital work to earn NexCoins — redeemable for real gift vouchers from Amazon, Flipkart, Google Play, Zomato, and more. Built from India, designed for the world.

What is a NexLeader?

A NexLeader is a trusted community builder who recruits members into NexGuild and earns ongoing commission from every NexCoin their members earn. Unlike a one-time referral bonus, your earnings as a NexLeader never stop — as long as your members earn, you earn.

10%		500 NC
Your commission on every earning	Members keep of every earning	One-time transfer fee on promotion

There are no caps. The bigger your community, the more you earn. Every survey completed, every task approved, every NexCoin your members earn automatically generates your commission — silently, instantly.

WHAT'S IN IT FOR YOU?

EARN

Earn 10% commission on every NexCoin your members earn — from surveys, tasks, and all future earning features. No cap. No expiry. Passive income that grows with your community.

LEAD

Be recognized as a NexLeader — a verified community builder on the platform. Your NexLeader badge appears on your profile. You build your own earning ecosystem.

GROW

Access exclusive NexLeader updates, early feature previews, and direct communication with NexGuild. Be the first to know about new tasks, offerwall providers, and earning opportunities to share with your community.

Real Example — What You Can Earn

Imagine you have 50 active members. Each member completes just 2 surveys per week worth \$1 each. That's 100 surveys per week across your community. At 8% commission on 660 NC per survey = 66 NC per survey = **6,600 NexCoins per week** for you — automatically, without doing the surveys yourself.

ELIGIBILITY & HOW TO APPLY

Who Can Apply?

To apply for NexLeader status, you must meet ALL of the following:

**Account at least 7 days old**

Your account must be at least 7 days old.

**Earned at least 500 NexCoins**

Proves you understand the platform before leading others.

**Account in good standing**

No fraud flags, bans, or violations on your account.

**Minimum 10-person community**

You must have at least 10 people ready to join NexGuild through you.

How to Apply

01**Visit /dashboard/nexleader**

Go to your NexGuild dashboard and click "NexLeader" in the sidebar.

02**Check Your Eligibility**

The page automatically checks all 4 criteria. Meet them all to unlock the application.

03**Fill the Application**

Tell us why you want to be a NexLeader and describe your community.

04**Wait for Approval**

NexGuild reviews applications within 24-48 hours. You'll be notified by email and on-platform.

05**Start Recruiting**

Once approved, share your unique link. Every signup through your link joins your group.

COMMISSION & PROMOTION RULES

How Commission Works

Every time one of your members earns NexCoins — from surveys, tasks, or any future earning feature — **10% of that earning is automatically credited to your wallet**. Your members always see and receive their full advertised amount. The commission is handled entirely by the platform — silently and instantly.

■ Your Commission: 10% of Every Earning

Every NexCoin your member earns from surveys or tasks automatically generates 10% commission for you. No action needed — it happens instantly in the background. Example: your member completes a survey and earns NexCoins → you automatically receive 10% of that amount credited to your wallet.

Getting Promoted from Member to NexLeader

If you are currently a member under another NexLeader and you apply and get approved, a one-time transfer fee of **500 NexCoins** is deducted from your balance and credited to your previous NexLeader. Both parties are notified transparently. You are then moved to an independent NexLeader group directly under the platform.

■■ Promotion Transfer Fee

If you are under another NexLeader: upon approval, 500 NexCoins are deducted from your balance as a transfer fee to your previous NexLeader. Both you and your previous NexLeader will be notified. This fee is non-refundable.

What Happens to Your Members If Your Status Is Revoked?

If NexGuild revokes your NexLeader status due to violations, all your members are reassigned to the platform default group. Commissions already earned are not refunded. Future earnings cease immediately.

RULES & TRANSPARENCY

What Your Members See

Your members always see and receive their full share of every earning. They do not see any commission deduction, your name as their NexLeader (unless they signed up via your link and are aware), or any details about the commission structure. The platform handles everything silently.

■ Member Experience

A member completing a \$1 CPX Research survey sees: "660 NexCoins credited." They receive exactly 660 NexCoins. Your 80 NC commission is credited to you automatically without any visible deduction on their end.

Your Responsibilities as a NexLeader

- Recruit genuinely — do not mislead people about what NexGuild does or how much they can earn.
- Do not create fake accounts to inflate your member count or generate fraudulent commissions.
- Do not share false earning claims or guarantees when promoting NexGuild.
- Respond to your community — if your members have questions, guide them to nexguild.in/support.
- Maintain your own account in good standing — violations affect your NexLeader status.

Fraud & Violations

NexGuild uses automated fraud detection across all earnings. Any attempt to manipulate the commission system — including coordinated fake completions, multi-account abuse, or bot traffic — will result in immediate revocation of NexLeader status, forfeiture of all pending commissions, and permanent ban of all involved accounts.

GETTING STARTED

Your NexLeader Recruitment Link

Once approved, you will find your unique recruitment link on your NexLeader dashboard at nexguild.in/dashboard/nexleader. Share this link with anyone you want to recruit. Anyone who signs up using your link is automatically added to your group.

■ Your Link Format

nexguild.in/signup?ref=YOUR_CODE Share this on WhatsApp, Telegram, social media, or anywhere your community is. Every signup through this link = your member = your commission.

Tips for Recruiting Successfully

Be honest	Tell people exactly what NexGuild is — surveys, tasks, gift vouchers. Set realistic expectations. People who know what to expect stay active longer.
Target the right people	Students, freelancers, work-from-home communities, regional language speaker groups — these convert best for task-based work.
Show them the platform first	A short screen recording or screenshot of surveys loading and NexCoins being credited is more convincing than any text description.
Stay engaged	Answer questions from your recruits. Active NexLeaders with engaged communities earn significantly more than those who recruit and disappear.
